South Carolina Public Service Commission

Re: Docket No. 2009-41-T; Application of the South Carolina Tariff Bureau, Inc. to amend its Tariff No. 5.

Dear Mr. Terreni:

This letter is a request to postpone the processing and numerical assignment of tariff revisions submitted by Lisa Stevens, Executive Director, on behalf of The South Carolina Tariff Bureau, Inc. (SCTB) in the above-referenced matter. The description of the filing requests an amendment to certain charges in their existing tariff on file with the Office of Regulatory Staff (ORS). Due to the fact that a non-compliance and/or consumer interest related issue may exist, the ORS would like the opportunity to perform an impact study regarding this filing.

The filing for a tariff increase by the SCTB is tantamount to the simultaneous filing by approximately sixty household goods movers. The requested increase will impact the public throughout the State.

In its efforts to protect the using and consuming public from what might be unfair rates and tariffs, ORS is requesting time to perform an impact study on a sampling of the companies comprising the SCTB. We have selected six companies which will provide a representative sample of the SCTB.

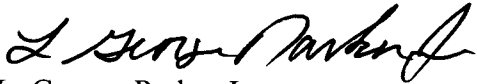

We have requested the financial and operational information and records needed to perform the impact study. We will allow the selected companies sufficient time to compile their responses and to prepare for the impact study.

Given the number of impact studies required, the time it takes to complete these studies, and the number of auditors available to perform the studies, ORS respectfully requests 120 days to complete its study in order to provide the Commission with factual information.

Please accept the original of this letter for filing and return the copy enclosed to me in the envelope provided.

If you have any questions, please feel free to contact me at 803-737-0984.

Sincerely,
